Correction to: Surveys in Geophysics (2024) 45:1999–2048
<https://doi.org/10.1007/s10712-024-09824-0>

In this article, the incorrect version of Figure 12 displayed in the lower panel the relative proportion of clouds above 10 km with respect to high- and low-level clouds (clouds above 10 km and clouds below 5 km), instead of the relative proportion of clouds above 10 km with respect to all clouds.

The corrected Figure 12 shows the same interannual behaviour, but the absolute values are smaller.

Both the incorrect and the corrected version of the figure 12 are displayed below.

The original article can be found online at <https://doi.org/10.1007/s10712-024-09824-0>.
